Education

VIT Bhopal University

Bachelor of Technology in Electronics and Communication Engineering

September 2023 – May 2027

Bhopal, India | CGPA: 8.48

Mahadevi Birla World Academy

Higher Secondary Education

April 2022 – April 2023

West Bengal, India | Percentage: 81.4%

Professional Skills

Languages: Java, Python, C, C++, SQL

Developer Tools: Git/GitHub, MATLAB, VS Code, AI/ML, Data Preprocessing

Non-Tech Skills: Team Leadership, Public Speaking, Event Management, Social Media Strategy, Community Service

Databases: MySQL

Hardware: Digital and Analog Circuit Design, Signal Processing, Embedded Systems

Leadership & Extracurricular

IEEE Student Partner

Organizing technical events and workshops, promoting collaboration and knowledge sharing

May 2024 – Jan 2025

VITronix Club Member

Collaborated on projects and technical discussions, gaining exposure to emerging ECE trends

June 2024 – Feb 2025

Projects

Vital Vision

- Developed an AI-powered medical chatbot using **NLP** and **machine learning** to analyse user symptoms, solving triage inefficiencies and response prioritization.
- Integrated real-time appointment booking for smart scheduling; built using the **MERN Stack**, **Geolocation API**, and **Python**.

Home Automation using LumaSync

- Developed “LumaSync,” a smart home automation system using **ESP32**-based IoT hardware, a real-time monitoring dashboard, and **Google Assistant** integration for voice-controlled appliance management.

Smart Surveillance System for Public Transport

- Developed an AI-powered smart surveillance system for public transport with real-time monitoring, intelligent detection, and automated alerts to enhance passenger safety and security.

OralCancer MedTech

- Developed an AI-powered oral cancer detection system achieving **97.8% accuracy**, analyzing user-uploaded images for early risk assessment and diagnostic insights using deep learning models.
- Built a mobile application using **Django** and **React Native**.

Achievements

- Volunteered in major technical events including **Electro VLSI 2024**, **Beyond Level-0 Hackathon**, **Electro Craft**, and **Circuit Sprint** at VIT Bhopal.
- Participated in national-level hackathons and competitions such as **Amazon HackOn'25**, **EY Techathon'25**, **Tata Imagination Challenge'25**, **TVS Credit E.P.I.C'25**, and **Health-Hack (2025 & 2026)**.
- Completed certifications in **Machine Learning** (Coursera, Kaggle).
- Attended an **International Conference** and **National Symposium** on Signal Processing and Intelligent Systems.
